

Bay Head Education Foundation
Summer Program

Dear Parents and Bay Head Students,

The Foundation will be offering a four-week summer enrichment program this summer, open to Bay Head School students and summer residents. This program will run IN ADDITION to the Bay Head Recreation Program. It will begin on July 6th and runs Monday through Thursday ending on July 29th. Each program lasts one hour.

Please check all topics that your child will be attending. Please note the programs will be offered at different times so students can participate in both classes.

Grade

K-4

5-8

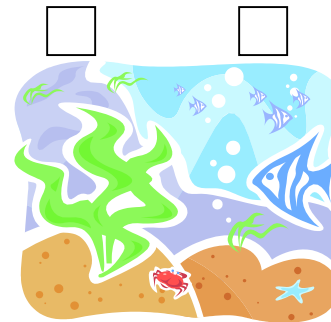

All About Dinosaurs

You will explore the many things about dinosaurs. You will become Paleontologists who create fossils and dig up dinosaurs. You will explore the defenses that they used to survive and why they worked for some, but wouldn't for others. You will create your own dinosaur using all of the facts learned from class, so that you can defend yourself from T-rex!!!

Oceans Explored

You will explore ocean and sea life, the animals that live there (sharks, whales, dolphins,...), the boats that travel on it for fun and work, and who explored under it. You will investigate who eats what and why, what causes tidal waves, tides, tsunamis, hurricanes, and the water cycle. You will dive into the evolution of sea life and discover who is now extinct, as well as, endanger and protected.

	Monday	Tuesday	Wednesday	Thursday
1:00 – 2:00 pm	Dinosaurs	Oceans	Dinosaurs	Oceans
2:00 – 3:00 pm	Oceans	Dinosaurs	Oceans	Dinosaurs

**Your child does not need to attend every class, as each day is a new adventure! This allows for unscheduled summer events that you may encounter during the month of July!

Child's Name and Grade Level _____

A prompt response is greatly appreciated. Please return this form to the school office by Friday, June 18th, 2010 by way of in person, fax, email (jholland@bayheadschoool.org) or mail. Registration on opening day is permitted if space is available. Thank you in advance for your interest.
